PREPARED BY

GRIMAULT & CO., Chemists to H. I. H. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and therapeutics. | They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are appli-cable only to but a very few complaints. The most stringent laws exist, in France, with re-gard to the sale of medical preparations, and only those, which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee, for the excellency ot Mess. GRIMAULT ET Co. medicines.
